GO GREEN

Hey Kids,

Have you been hearing about “going green” or “living green?” Green living means doing things that are better for the environment.

Some easy ways to go green are to:

- Turn off the lights when you are not using them or are not in the room.
- Don't run water while brushing your teeth.
- Help your family recycle.
- Go outside to play when the weather is nice instead of playing electronic games or watching television.
- Ride your bike or walk to places close to you.
- Clean your house using natural, Earth-friendly cleaning products.

These things not only help the environment, but they also can save your family money—another kind of green!

Going green and saving green can be fun! First State Bank has a special offer just for Kids Club members. Enjoy a free movie and coupon for a treat at one of these participating movie theatres: Clarion Theatre, Humota Theatre, and Webster Theatre. Just follow the directions on the coupon in this newsletter.

Your Friend,

DOLLARS AND \$ENSE

School is out for the summer but that doesn't mean your child has to stop learning or socializing with other kids! Check out a variety of books at your local library. Reading will continue to sharpen their vocabulary and comprehension skills as well as encourage their imagination. Sign up your child for summer library programs to learn new activities and spend time with peers. Or catch a Saturday morning movie at Kendall Young Library in Webster City. First State Bank Kids Club proudly sponsors library programs in our communities.

FREE MOVIE/TREAT PASS

Enjoy a free movie/treat pass as a thank you for being a Kids Club member from First State Bank and Dollars the Dog!

Fill out this coupon and take it to a Teller at any First State Bank location to get your free movie/treat pass to a participating movie theatre.

Name: _____

Hometown: _____

Theatre: _____

Date: _____

LIME-BERRY CRUSH

Ingredients

2 pints hulled strawberries
 1 ½ c crushed ice
 ¼ c confectioners' sugar
 2 T lime juice

Directions

Combine all ingredients in a blender. Blend mixture until smooth. Serve immediately.

Yields 4 cups

RECYCLED VASES

You can make decorative vases to sit by a sunny window by reusing clean, unbroken glass bottles and jars.

You'll need:

Newspaper
 Tacky glue
 Water (about 1 teaspoon)
 Plastic cup
 Paintbrush
 Clean glass bottle or jar
 Spoon
 Colored sand (from a craft department or store)

Cover your workspace with newspaper. Pour about ¼ cup of tacky glue in a plastic cup and dilute it with water. Use your paintbrush to apply the glue on the outside of the glass container. Sprinkle the colored sand evenly over the glue using your spoon. Allow the glue and sand to dry completely. See what colors and designs you can make!

WORD SEARCH

Can you find these 10 things that are **green**?

Alligator	Grass
Broccoli	Jungle
Cactus	Lime
Emerald	Money
Frog	Pickle
